Welcome to the New Forest Heritage Centre

The New Forest Heritage Centre is now more accessible than ever. Our Family Fun Tree has been built with audience accessibility in mind and our ever changing programme of exhibitions and events is designed to appeal to all ages and interests.

We are committed to being accessible for people with sensory and visual impairments, people with mental health issues, physical and mobility difficulties, young people, elderly people and families. We constantly strive to improve upon our accessibility and reach out to existing and new audiences whenever the opportunity arises.

This leaflet will help you to plan your visit by giving you information on how to get to the Centre, how you can access information about the Centre, what facilities are available at the Centre as well as exhibitions and displays.

The leaflet is available at Reception (also in a larger format), can be downloaded from our website www.newforestheritag.org.uk or can be sent to you prior to a visit by calling 023 8028 6158.
